THE HISTORY BEHIND RESTAURANT BAR STEIN

In the middle of the Dutch river landscape, where the Maas and River Waal merge, is Slot Loevestein.

One of the most legendary escapes in Dutch history took place here: that of Hugo de Groot, who managed to escape by means of a book chest.

Restaurant Bar Stein proudly bears a name inspired by this historic fortress. Just as Hugo de Groot left an impression, Restaurant Bar Stein strives to use surprising flavors to leave a lasting memory.
